Joanne asked us to create several fact sheets for the House Science hearing that Lisa Jackson will testify at on June 28. She asked that each fact sheet be no more than 2 pages, contain a brief summary and a few Q&As. She asked for fact sheets on:

- IRIS General
- High profile assessments (formaldehyde, dioxin, arsenic, platinum salts, TCE -- others?)
- Ramazzini
- GAO report
- Peer Review

- Response to NAS

Here are the fact sheets on GAO/IRIS and Ramazzini. I will prepare the additional 4 fact sheets tomorrow and circulate them.

These are due to Joanne first thing Monday morning, June 18. Please send me any edits or comments ASAP, but by noon Friday (June 15) at the latest.
